GRAPHENSTONE®

LA Suite West Hotel - Inverness Terrace, London

Ecological option with client having one eye on sustainable materials - GCS is Cradle to Cradle silver certified.

Project of 1,200 m² with two coats saw a saving of 157kg CO₂(e) vs the original specification.

Due to the heritage nature and requirements of the building, the traditional flat matt finish and breathability of the paints was an important factor in Graphenstone being used.

Graphenstone was chosen for:

- Breathability – Class 1 vapour open. Sd <0.06
- Durability – Class 1 Wet scrub rating

Project size	1,200 m ²
Contractors	Pembroke & Bull
CO ₂ (e) Saving *	157kg

* CO₂e Saving is an approximate saving based on the EPD figures of a leading competitor.

** CO₂ Absorption based on 5kg CO₂ absorbed per 15 litre tub of Ambient Pro+
